CARB releases preliminary list of companies under SB 253/261

The California Air Resources Board (CARB) published a preliminary list of entities that may be subject to SB 253 and SB 261, estimating roughly 2,600 companies could meet the \$1 billion threshold for SB 253 and about 4,100 could meet the \$500 million threshold for SB 261. CARB invites listed entities to complete a validation survey and notes inaugural SB 261 reports are due January 1, 2026.
